CRC Industries is a worldwide supplier of chemical products for the industry, automotive and electro segments. The company consists of four operating groups headquartered in the United States, Belgium, United Kingdom and Australia. CRC Industries Europe is ISO 9001 certified.

We manufacture and supply cleaners, lubricants, anti-corrosion products, adhesives, welding products, additives, moulding products and other specialty products, all for the European, African and Middle East areas.

We guarantee high quality products by following strict guidelines in all facets of research, development and production. We try to meet today's most stringent environmental and safety standards. Furthermore CRC develops new products and continues to adapt existing products to meet the needs of our customers.

For detailed product information, Technical Data and Material Safety Data, please consult our website:

www.crcind.com

“SEE FOR YOURSELF THAT CRC IS THE BEST SOLUTION!”

All statements in this publication are based on service experience and/or laboratory testing. Because of the wide variety of equipment and conditions and the unpredictable human factors involved, we recommend our products to be tested on-the-job prior to use. All information is given in good faith but without warranty neither expressed nor implied.

Note: The CRC product range is country-related. It is possible that some products, listed in the catalogue, might not be available. Product pictures not binding. Actual product may be different from picture due to change-over to new design.

MY CRC

AUTOMATIC MSDS UPDATES

A service offered to CRC end-users and distributors as a means to automate the task of updating Technical Data Sheets (TDS) and Material Safety Data Sheets (MSDS), reducing the burden on staff having to remember, schedule, and undertake this HSE requirement.

By using My CRC, the end-user can ensure 100% compliance, automatically when there is a change to the datasheets, whether due to legislative changes such as hazard classifications or amendments to European law. These changes do not affect the product performance or availability, but in a highly regulated industry - up to date compliance is essential to avoid prosecution. The ongoing REACH legislation will affect all processors, distributors, and users of chemicals throughout Europe, however, many people are unaware of what this means. Using My CRC ensures that such changes will be incorporated into the MSDS and TDS, with updates sent automatically.

Offered through the CRC website (www.crcind.com) a simple registration process provides access to the complete CRC product range where selection of relevant products takes place - receive only relevant products updates.

The system remembers the selection, and will automatically generate an email notification when a significant change occurs to either the TDS or MSDS, keeping relevant management and user personnel up-to-date.

A unique service, making compliance easy!

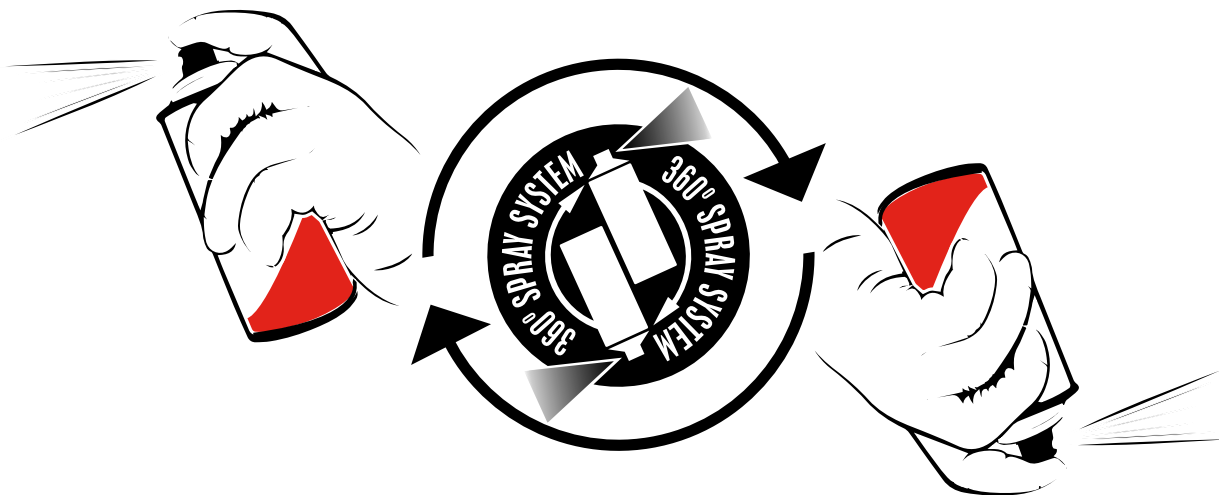

- 24/7 availability on-line.
- Removes the potential to 'forget' to check for updates.
- Saves time & easy to use.
- Legislation changes frequently, do you always know when it has? Receive updates automatically in your mailbox.
- All information held securely.

MY CRC - DIRECTIONS

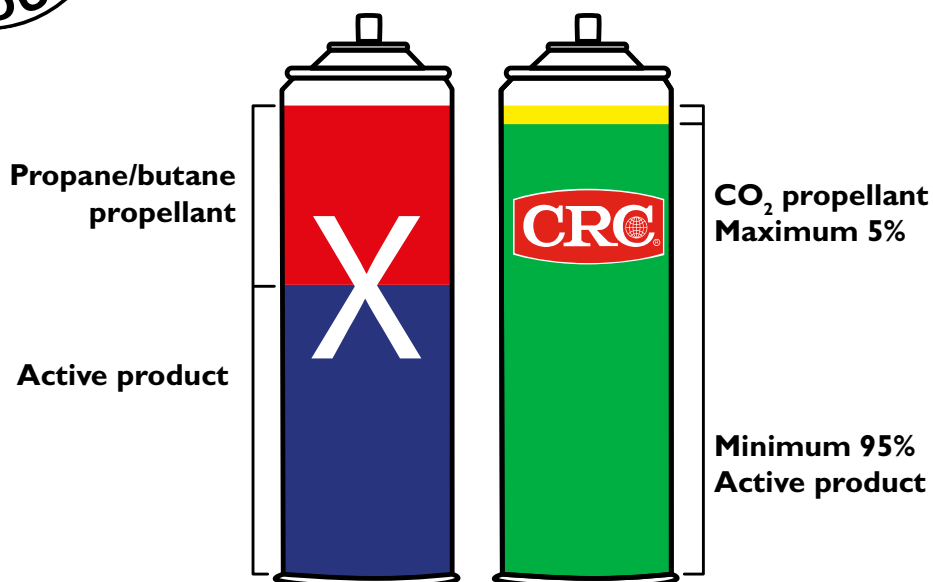

1. Navigate to www.crcind.com/crc.
2. Click on the My CRC logo.
3. Select the link "New User".
4. Fill in company details.
5. The unique log-in ID and password will be emailed to you.
6. Enter the log-in ID and password on My CRC.
7. Once logged in, select the country from the drop-down list at the top of the page. The complete list of CRC products will now be displayed - using the selection boxes on the right, both MSDS and TDS updates can be selected.
8. Please confirm your selection, My CRC instantly updates which boxes have been selected.
9. Once all products of interest have been selected, simply close your internet browser - the process is now finished.
10. If product selection needs to be modified, simply log-in to My CRC and change the update options (click on the My CRC logo to update email preferences).

BRAKE MAINTENANCE SYSTEM

CLEANS - LUBRICATES - PROTECTS

Ref. 32694

Ref. 32719

Ref. 32725

CRC BRAKLEEN PRO

Powerfull and fast-drying brake parts cleaner.

Characteristics:

- Multiple active components
- Effectively removes brake fluid, grease and oil
- Reduces squeaking from disc brakes
- Safe on all metal surfaces, does not stain

Benefits:

- Cleans up to 40 brake discs
- Fast evaporation and high cleaning power to minimize downtime
- Pleasant citrus smell
- Easy to handle 360° spray technology

Ref.	SIZE
32694	Aerosol 500 ml
32787	Bulk 5 L
32758	Bulk 20 L
32788	Bulk 60 L
32789	Bulk 200 L

CRC POWER CLEAN PRO

Solvent cleaner and degreaser for service and repair.

Characteristics:

- Fast drying and powerful cleaner
- Penetrates quickly and cuts through dirt and grime
- Fast evaporation

Benefits:

- Quickly dissolves grease, oil, lubricants, tar and adhesives
- Leaves no residue
- Safe on most plastics and rubbers
- Easy to use with the aerosol trigger sprayer
- 360° spray technology

Ref.	SIZE
32698	Aerosol 500 ml
32790	Bulk 5 L
32791	Bulk 20 L

CRC GASKET REMOVER PRO

Blend of powerful solvents, formulated for a fast removal of gasket cement, adhesives and sealants.

Characteristics:

- Highly effective and specifically formulated for sealing and baked-on adhesives
- Easy removal of filling adhesives, binders and sealants
- High penetration
- No acids or alkalis

Benefits:

- Fast and gentle removal without scratching the surface
- Sticks to vertical surfaces
- Does not attack metal surfaces

Ref.	SIZE
32747	Aerosol 400 ml

CLEANERS - HEAVY DUTY

CRC GDI VALVE CLEANER

Dissolves baked-on carbon deposits, increases power and reduces rough idle.

Characteristics:

- Excellent GDI (Gasoline Direct Injection) valve deposit removal
- Cleans carbon and gum deposits on the back of the air intake valves
- Dissolves and lifts deposits from all types of gasoline powered engines
- 150 times more concentrated than premium fuel additives

Benefits:

- Increases power and torque
- Reduces emissions and improves fuel economy
- No top-engine disassembly
- Safe on turbos and intercoolers
- Stabilizes rough idle

Ref.	SIZE
32548	Aerosol 500 ml

CRC AIRCO CLEANER PRO

Cleans the air conditioning system in an optimal way by means of its unique foam formula.

Characteristics:

- Highly effective cleaning foam for A/C systems
- No A/C system disassembly
- Leaves a refreshing fragrance

Benefits:

- Cleans the evaporator, air conduits from all contaminations (bacteria, fungi, ...)
- Spray with sprayhose
- Fast and easy to use

Ref.	SIZE
32743	Aerosol 500 ml

CRC CARB & EGR CLEANER PRO

Powerful solvent blend to remove gum, carbon and sludge from carburetors, EGR, PCV and throttle valves in combustion engines.

Characteristics:

- Active ingredient mixture with high solvency power
- Cleans the carburettor and fuel dispensing system
- Compatible with both diesel and gasoline engines
- Dissolves gum and resin

Benefits:

- Rapid and effective cleaning without disassembly
- Cleaning without disassembly, better fuel economy
- Engine runs more smoothly
- Sprays also overhead

Ref.	SIZE
32744	Aerosol 500 ml

CLEANERS - PRECISION

CRC AIR SENSOR CLEAN PRO

Improves and restores the performance and reliability of Mass Air Flow sensors as used on modern injection engines.

Characteristics:

- High purity cleaning solvent for cleaning the hot-wire and hot-plate type sensors
- Fast drying
- Removes contaminants on the MAF sensor
- For diesel and gasoline engines

Benefits:

- Increases the performance of the injection system
- Evaporates completely, leaves no residue

Ref.	SIZE
32712	Aerosol 250 ml

CRC OXIDE CLEAN & PROTECT PRO

Contact cleaning oil that can be used to restore corroded electric contacts.

Characteristics:

- Cleans corroded contacts
- Removes rust and washes away the dirt from the surface
- Can be used for all electronic push/pull connectors

Benefits:

- Keeps the interface clean
- Leaving a smooth contact surface with a low-tension drop over
- Extends the life of the material

Ref.	SIZE
32738	Aerosol 250 ml

CRC PRECISION CLEANER PRO

Improves the performance and reliability of electrical/electronic equipment by cleaning contacts and components quickly and effectively.

Characteristics:

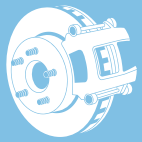

- Fast drying electronic components cleaner
- Removes oil, dirt and grease on printed circuit boards, relays and switches
- Improves the performance and reliability of electronic equipment

Benefits:

- Evaporates quickly and completely
- Leaves no residue
- Prevents contact failures

Ref.	SIZE
32710	Aerosol 250 ml

CRC COCKPIT SHINE PRO

Forms a protective barrier against color fading and hardening caused by the penetration of ozone, U.V. rays and oxygen.

Characteristics:

- Cleans and protects plastics and rubbers
- Polishes and shines dashboards, bumpers and spoilers
- Leaves a refreshing fragrance
- Gives a silky shine effect

Benefits:

- Forms a clear, shiny, fresh water-repellent film
- Forms a protective barrier against color fading and hardening
- Leaves a 'new look' interior

Ref.	SIZE
32724	Aerosol 500 ml

CRC COCKPIT MATT PRO

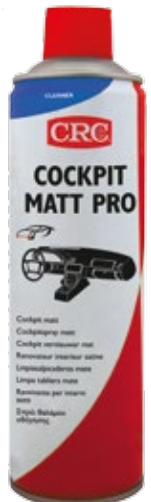

Renovates the interior of cars, leaving a fresh orange smell. Cleans and refreshes plastic, rubber and wood (dashboards, vinyl, imitation leather).

Characteristics:

- Cleans and renovates dashboards and car interiors
- Leaves a refreshing fragrance
- Silicone free
- Gives a matt effect

Benefits:

- Restores a matt sheen to all types of interior trim
- Clean, dry and non-oily

Ref.	SIZE
32737	Aerosol 500 ml

CRC TIRE SHINE PRO

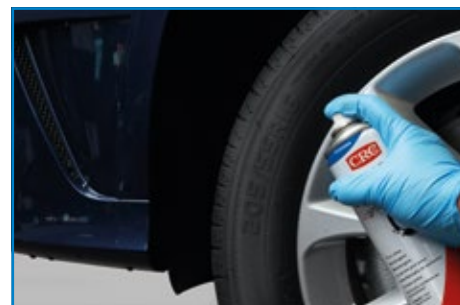

Removes tire stains and scuff marks, making tires look like new again.

Characteristics:

- Cleans, maintains and protects
- Removes stains and scuff marks
- Protects against discoloration and oxidation

Benefits:

- Compatible with rubber and rims
- Leaving a neutral film that repel dirt
- Tires look like new
- Simple and efficient to use
- Spraying : No washing or swiping

Ref.	SIZE
32728	Aerosol 500 ml

CRC TEXTILE CLEAN PRO

Cleans upholstery, carpets, fabric, vinyl and leather inside the car.

Characteristics:

- Powerful, fast acting cleaning foam; penetrates quickly
- Cleans seat covers, carpets, fabric, vinyl and leather
- Removes stubborn stains
- Safe to use on all surfaces

Benefits:

- Provides the entire car interior a clean and fresh feeling
- Eliminates unpleasant odours
- Can be used in cars, busses, trucks,...

Ref.	SIZE
32726	Aerosol 500 ml

CRC GLASS CLEAN PRO

Removes road film, grease, finger prints, smoke haze, squashed insects and residues from glass surfaces.

Characteristics:

- Superior blend of surfactants, additives and solvents
- Highly effective cleaning foam
- Biodegradable

Benefits:

- Removes greasy marks, grime, squashed insects, smoke haze and finger prints
- Glass cleaning without leaving a film
- Environmentally friendly

Ref.	SIZE
32739	Aerosol 500 ml

CRC MOTOR CLEAN PRO

Extra powerful engine surface cleaner/degreaser.

Characteristics:

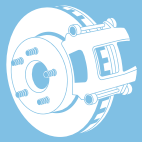

- Removes tar, oil and grease from the outside of the engine
- Removes road salt
- Cleans and degrease all engines

Benefits:

- Easy to use with the aerosol trigger sprayer
- Clean engine runs cooler and more efficiently

Ref.	SIZE
32730	Aerosol 500 ml

CRC SUPER HANDCLEANER

Handcleaner for heavily contaminated hands.

Characteristics:

- Contains mild solvents and biodegradable surfactants
- Also contains small friction parts from natural sources
- Very effective on grease, carbon and most stubborn contaminations

Ref.	SIZE
30675	Tube 150 ml
30676	Bulk 2,5L

CRC WIPES PRO

Characteristics:

- Super high absorbency wipes
- Cleans and dries in one application
- Capable of removing oil, grease and adhesives
- Ideal for hands, tools, workpieces

Benefits:

- Cleaner and towel together in one convenient wipe
- User-, eco- and environment friendly
- Multipurpose

Ref.	SIZE
32750	Bucket 100 pcs

5-56 PRO

THE PROFESSIONAL TOOLKIT IN A CAN!

CRC 5-56 PRO

Displaces moisture, starts wet engines, prevents electrical failures. Lubricates, loosens seized and rusted mechanisms.

Characteristics:

- Removes oil, dirt and grease
- Penetrates rust and corrosion
- Drives out moisture
- Cleans and protects
- Lubricates hinges, levers and wheels and stops squeaking

Benefits:

- Very high penetration capability
- Leaves a thin film that protects metals against corrosion
- Highly water repellent
- Reduces friction
- Releases screw connections

Ref.	SIZE
32734	Aerosol 500 ml
32793	Bulk 5 L
32794	Bulk 20 L
32795	Bulk 200 L

CRC ROST FLASH PRO

Penetrating oil with freeze shock effect.

Characteristics:

- Freezes and cracks rust
- Capillary-active penetrating oil
- Loosens all kind of threaded parts
- Free of silicones and acids
- Reduces temperature to -40°C

Benefits:

- Cracks the layer of rust
- Penetrates deep into the rust
- Fast and effective disassembly
- Safe on rubbers, plastics and coatings

Ref.	SIZE
32720	Aerosol 500 ml

CRC MULTILUBE PRO

Transparent multipurpose lubricant, with a temporary blue aspect for general use in the garage sector.

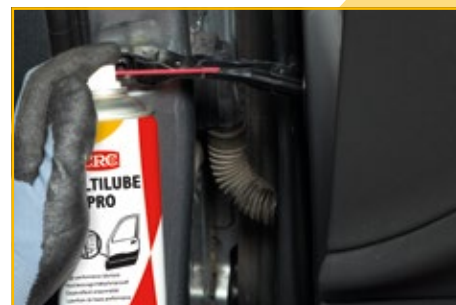

Characteristics:

- Transparent multipurpose lubricant
- Non-dripping
- Temporary blue colour for easy identification
- High pressure and water resistant
- Wide temperature range up to +200°C

Benefits:

- Long-term lubrication
- High adhesive qualities
- Easy lubrication

Ref.	SIZE
32697	Aerosol 500 ml

CRC SILICONE PRO

Renovates and protects plastics and rubbers. Prevents plastic assemblies from squeaking.

Characteristics:

- Leaves a colorless, clean lubrication film
- Prevents hardening and freezing of rubbers
- High material compatibility
- Wide temperature range up to +200°C
- Excellent lubrication between different surfaces

Benefits:

- Lubricates, cares and protects
- Renovates plastics and rubbers
- Prevents sticking of rubber

Ref.	SIZE
32695	Aerosol 500 ml

CRC POWER LUBE PRO

A high performance lubricant incorporating a sophisticated additive package with PTFE to provide long lasting protection against friction, wear and corrosion.

Characteristics:

- High performance lubricant with PTFE
- Extreme pressure rated lubricant
- Penetrates and displaces moisture leaving a protective film

Benefits:

- Long-lasting lubrication
- Extreme load carrying qualities
- Reduces friction and wear
- Protects against rust and corrosion

Ref.	SIZE
32691	Aerosol 500 ml

CRC CHAIN LUBE PRO

Adhesive Lubricant penetrates deeply into vital chain pin and bushing areas, then sets to form an adhering, long lasting lubricating film.

Characteristics:

- Excellent for lubrication of chains
- Superior additive qualities
- Highly water resistant and -repellent
- Safe on O-rings
- Does not attract dirt, sand and dust

Benefits:

- Penetrates chain links and leaves a protective coating
- No dripping and throw off
- Sprayed as oil, converts to grease
- High material compatibility
- Superior corrosion protection

Ref.	SIZE
32721	Aerosol 500 ml

CRC RUST OFF PRO

A no compromise penetrating product that attacks rust and corrosion, penetrating through oxides and soil to free corroded fasteners and mechanical components.

Characteristics:

- Quick acting penetrating and lubricating oil
- Reduces friction
- With MoS2 additive

Benefits:

- Penetrates deep into the rust
- Fast acting releasing capability
- Prevents against new corrosion

Ref.	SIZE
32731	Aerosol 500 ml
32781	Bulk 5L
32782	Bulk 20L

CRC HD VASELINE PRO

Based on pure white Vaseline, a paraffin oil that hardens to a pasty consistency at room temperature.

Characteristics:

- Pure white vaseline to protect battery clamps and electric contacts
- Leaves a thick pasty protective film
- Prevents acid damage

Benefits:

- Protects against oxidation and corrosion
- Water repellent
- For longer battery life

Ref.	SIZE
32713	Aerosol 250 ml

CRC SILICONE GREASE PRO

Valve and elastomer lubricant.

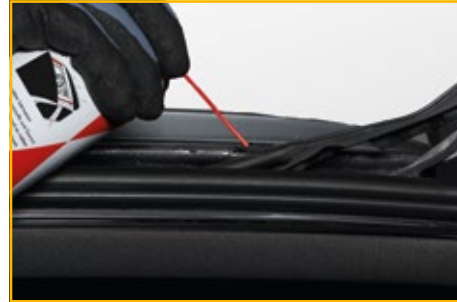

Characteristics:

- Seals and protects rubber and plastic parts
- Protects gaskets and cables
- Protects metal parts against corrosion

Benefits:

- Excellent anti-stick capabilities
- Wide temperature range up to +200°C
- Ideal lubrication of sliding roofs

Ref.	SIZE
32742	Aerosol 500 ml

CRC WHITE GREASE PRO

Provides long lasting lubrication to all moving parts. Reduces friction and wear.

Characteristics:

- Multi purpose grease with PTFE
- Water resistant
- Does not run or drip off
- Protects against corrosion

Benefits:

- Reduces friction and wear
- Leaves a visible white, water resistant film
- Sprayed as oil, converts to grease

Ref.	SIZE
32722	Aerosol 500 ml

CRC HIGH TEMP GREASE

A lithium complex grease with EP additives.

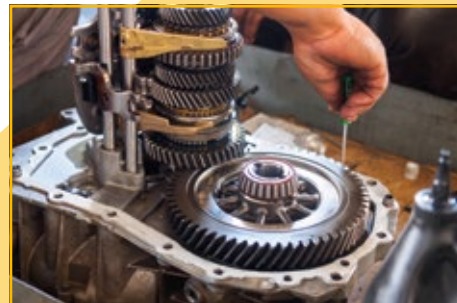

Characteristics:

- Water resistant
- High pressure load capacity
- High thermal resistance

Benefits:

- Long-term lubrication
- Good sealing properties against dust and water
- Corrosion resistant

Ref.	SIZE
30570	Tube 100 ml
30572	Cartridge 400 g
30573	Bulk 1 kg

CRC MULTI GREASE

Multipurpose lithium grease for general machinery lubrication.

Characteristics:

- Good oxidation stability
- Extreme worked penetration
- High pressure resistance

Benefits:

- Good protection against corrosion
- Water resistant up to 90°C
- Multipurpose

Ref.	SIZE
30566	Tube 100 ml
30567	Cartridge 400 g
30568	Bulk 1 kg
30569	Bulk 5 kg

CRC SUPER ADHESIVE GREASE

Lithium EP grease with high adhesion properties.

Characteristics:

- Water resistant
- Reduces friction and wear
- Protects from rust and corrosion

Benefits:

- Keeps dirt, cold and hot water out of the equipment
- Extends parts and equipment life
- Compatible with all metals and commonly used types of sealing materials

Ref.	SIZE
30585	Tube 100 ml
30587	Cartridge 400 g
30589	Bulk 1 kg

CRC SUPER LONGTERM GREASE + MOS₂

A black, extreme pressure lithium grease with MoS₂.

Characteristics:

- Good oxidation stability
- High pressure resistance
- Extreme worked penetration

Benefits:

- Water resistant up to 90°C
- Good protection against corrosion
- Builds a solid lubricant layer

Ref.	SIZE
30565	Tube 100 ml
30576	Cartridge 400 g
30578	Bulk 1 kg

LUBRICANTS - PASTES

CRC CERAMIC PASTE PRO

Universal, ceramic assembly paste for anti seize applications. No potential for galvanic corrosion and protects for burning-in.

Characteristics:

- Universal high temperature paste with fine ceramic powder
- Metal free
- Excellent water resistant
- Protects against seizing and burning-in

Benefits:

- Application range -40°C to + 1400°C
- Suitable for aluminium and stainless steel

Ref.	SIZE
30344	Tube 100 g
32711	Aerosol 250 ml
32322	Bulk 500 g

CRC COPPER PASTE PRO & CRC COPPER PASTE PLUS PRO

High temperature anti seize lubrication. Protects against fretting, seizing and corrosion.

Characteristics:

- High temperature paste with micro fine copper powder
- Prevents transmission of vibration
- Prevents metal to metal contact
- High bond strength and water resistant
- Drop-free paste

Benefits:

- Application range -30°C to + 1000°C
- Protects from welding and seizing
- Protects against corrosion

Ref.	SIZE
10690	Tube 100 ml
32725	Aerosol 250 ml - COPPER PASTE PRO
32756	Aerosol 200 ml - COPPER PASTE PLUS PRO
10699	Bulk 500 g

CRC BRAKLUBE PRO & CRC BRAKLUBE PLUS PRO

Keeps critical brake parts free for optimum braking efficiency.

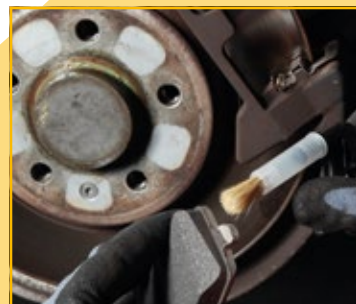

Characteristics:

- Special metal-free lubricant for brake parts
- Highly temperature resistant up to + 240 °C
- Prevents corrosion
- Also for aluminium parts
- Will not run off callipers and drum brake systems

Benefits:

- Does not run or drip off
- Water- and heat resistant
- Keeps critical parts free and ensures full brake job
- Ideal for aluminium brake calipers

32815	SIZE
32815	Tube 100 ml
32719	Aerosol 250 ml - BRAKLUBE PRO
32714	Aerosol 200 ml - BRAKLUBE PLUS PRO
32816	Bulk 1 kg

CRC LEAKFINDER PRO

Detects and locates quickly and reliably gas leaks and pressure losses in pipes, pressurised systems, etc. by forming highly visible bubbles when applied over any leak.

Characteristics:

- Detects gas leaks and leaks under pressure
- Conforms to DIN EN 14291
- Water based leak detector
- DVGW certified test number NG 5170AS0069

Benefits:

- Reliable leak detection
- Non-toxic
- Quality assurance through regular monitoring by DVGW test laboratories

Ref.	SIZE
32699	Aerosol 500 ml

CRC UNDERBODY COATING PRO

Guarantees an optimal corrosion protection and maximal sound deadening effect.

Characteristics:

- Supremium bitumen based coating
- Elastic, thick layered sealing (up to 400µm)
- Unique non-dripping formula

Benefits:

- Protects against stone chipping and corrosion
- Abrasion-resistant and sound-insulating
- Clean and easy overhead application

Ref.	SIZE
32748	Aerosol 500 ml

CRC MOTOR STARTER PRO

Professional grade engine starting fluid.

Characteristics:

- Ensures fast, economical starting for all diesel and gasoline engines
- Unique self-lubricating effect
- For all internal combustion engines
- Helps at very low temperatures and after long periods of standstill

Benefits:

- Fast and reliable cold start
- Protects engine wear and preserves the battery
- Universal use

Ref.	SIZE
32723	Aerosol 500 ml

CRC BELT GRIP PRO

Slippage prevention for all types of belts.

Characteristics:

- Unique adhesive qualities
- Increases the power transmission
- For all types of non-toothed belts

Benefits:

- Eliminates belt slipping and squeaking
- Increases the traction
- Extends the service life

Ref.	SIZE
32736	Aerosol 500 ml

CRC FLEX SEAL PRO

Replace pre-formed gaskets or original FIP (Form In Place) gaskets on flanges with wide tolerances or big differences in thermal expansion.

Characteristics:

- Silicone based sealant for gaskets
- Highly viscous and thixotropic
- Excellent adhesion
- Good temperature resistant up to +250°C

Benefits:

- Very good elasticity for all flexible joints
- Applicable on vertical and overhead surfaces
- Vibration and thermal expansion resistant

Ref.	SIZE
32746	Aerosol 200 ml

CRC ELECTRO COOL PRO

Cooling spray made of liquefied gas under pressure.

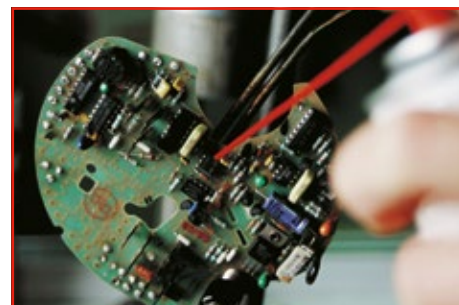

Characteristics:

- Localization of thermal faults in electronic equipment
- Allows locating wiring interruptions
- Protects heat sensitive parts during soldering

Benefits:

- Makes quick temperature changes possible for trouble shooting thermo-reacting parts
- Evaporates very quickly
- Leaves no residue

Ref.	SIZE
32745	Aerosol 250 ml

ANTI-CORROSION

CRC ZINC PRO

A unique combination of zinc powders and resins, formulated to form a high performance zinc-rich coating that actively prevents corrosion by its galvanic properties.

Characteristics:

- Long-term protection against rust and corrosion
- Active cathodic protection
- Matt finish

Benefits:

- Zinc purity 98%
- Withstands scratching, bending and spot welding
- Developed for topcoat and even undercoat

Ref.	SIZE
32740	Aerosol 500 ml

CRC ZINC PRIMER PRO

Fights rust and gives longer lasting interior and exterior corrosion resistance to topcoats.

Characteristics:

- Corrosion protective zinc phosphate primer
- Protects against rust
- Fast drying
- Light grey color

Benefits:

- Better topcoat adhesion
- Low topcoat absorption
- Paintable even with light topcoat colors

Ref.	SIZE
32741	Aerosol 500 ml

CRC ALU HITEMP PRO

Designed to build a hard lasting finish that will not burn off, chip or peel at high temperatures.

Characteristics:

- Protective paint with aluminium look
- Quick drying
- Temperature resistant up to +600°C
- Silicone based

Benefits:

- Excellent coverage
- Provides a hard and durable surface
- For exhaust and combustion parts
- Excellent weather resistance

Ref.	SIZE
32735	Aerosol 500 ml

CRC GALVA BRITE PRO

A combination of zinc and aluminium powders, resins and additives, formulated to form a flexible protective film with a bright, glossy appearance.

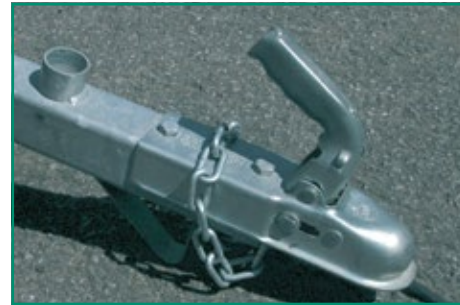

Characteristics:

- Protective final coating with shiny aluminium look
- Protects against corrosion
- Unique formula based on zinc- and aluminium powders
- Quick drying

Benefits:

- Super adhesive capabilities
- Resists rusting, peeling and fading
- Flexible and hard topcoat

Ref.	SIZE
32696	Aerosol 500 ml

CRC DIESEL SYSTEM CLEANER

Prevents injector fouling resulting in improved engine performance and acceleration.

Characteristics:

- Cleans injectors and entire fuel system of diesel engines
- Removes deposits on spark plugs, injection- and intake valves

Benefits:

- Prevents injector fouling
- Improved engine performance, eliminates start problems and rough engine running
- Optimizes the performance of the car

Ref.	SIZE
32576	Bulk 1L

CRC MOTOR FLUSH

Removes sludge, gum, rust and varnish from interior engine parts (gasoline & diesel).

Characteristics:

- Dissolves deposits and residues from all engines
- Cleans the engine of sludge, gum, rust and varnish
- Contains anti-wear, anti-corrosion and anti-oxidation additives
- Compatible with all types of oil

Benefits:

- Prolongs the lifetime of the new oil
- Improves the combustion performance, fuel economy and engine life
- Avoids contamination of fresh oil by residues left behind

Ref.	SIZE
32577	Bulk 1L

CRC FUEL STABILIZER

Controls and reduces the formation of gum, varnish and peroxides during storage of diesel and gasoline.

Characteristics:

- Avoids fuel deterioration
- Protects the fuel system
- Controls and reduces the formation of gum during storage and oxidation

Benefits:

- Trouble-free winter
- For all kind of engines, 2-stroke and 4-stroke
- Suitable for diesel and gasoline

Ref.	SIZE
32579	Bulk 1L

CRC RADIATOR CLEAN & PROTECT

Removes sludge, scale and rust from the cooling system.

Characteristics:

- Protects against corrosion
- Safe on all metal surfaces
- Safe on most rubbers

Benefits:

- Optimal heat and cooling exchange
- Long service life
- Suitable for all vehicles radiators

Ref.	SIZE
32609	Bulk 1L

CRC RADIATOR SEAL

Stops small radiator leaks. Compatible with common cooling fluids.

Characteristics:

- Seals small radiator leaks
- Prevents corrosion
- Will not harm rubber hoses

Benefits:

- Secures the engine from damages caused by leaking of cooling fluid
- Non corrosive
- Compatible with all common cooling fluids

Ref.	SIZE
32578	Bulk 1L

CRC DIESEL ANTIPARAFFINE

Cold weather diesel fuel additive. Prevents plugging of diesel filter.

Characteristics:

- Prevents wax crystal formation
- Improves the low temperatures flow properties
- Provides superior CFPP (Cold Filter Plugging Point)

Benefits:

- Keeps filters clear
- Makes diesel cold-proof up to -26°C

Ref.	SIZE
30542	Bulk 1L

CRC DIESEL TREATMENT

For regular use in diesel to prevent/reduce fuel injection system deposits.

Characteristics:

- Cleans the injector
- Keeps the fuel system clean

Benefits:

- Improves the engine performance
- Prevents power loss
- Optimizes the combustion

Ref.	SIZE
32580	Bulk 1L

CRC POWER RENEW

A concentrated one-tank cleanup that delivers a powerful SHOCK to your dirty fuel system.

Characteristics:

- Powerfull diesel fuel system cleaner
- Removes deposits on spark plugs, injection- and intake valves
- Cleans inside the injectors

Benefits:

- Delivers a powerfull shock to dirty fuel systems
- Reduces the emissions
- Prevents IDID (Internal Diesel Injectors Deposits)

Ref.	SIZE
32607	Bulk 1L

CRC QUICK FIX

A cyanoacrylate adhesive.

Characteristics:

- Multifunctional cyanoacrylate adhesive
- Ideal for bonding mirrors, glass, rubbers, metals and plastics
- Instant adhesive
- Fast bonding and high strength

Benefits:

- Colour: transparent
- Allows adjustments and repositionings
- Applicable on multiple materials

Ref.	SIZE
30710	Tube 3 g
30709	Bottle 20 g

CRC SOFT LOCK

Dismountable locker for threaded metal connections.

Characteristics:

- Locks and seals bolts: M5-M16
- Dismountable locker
- Medium strength anaerobic adhesive
- Good thixotropy and viscosity for good filling capacity
- Broad temp reach : -55°C to +150°C

Benefits:

- Colour: blue
- Connections can be dismantled in the future
- Vibration- and shock resistant
- One-component product

Ref.	SIZE
30696	Bottle 50 ml

CRC EXTRA LOCK

Permanent locker for threaded metal connections and fixation of bearings.

Characteristics:

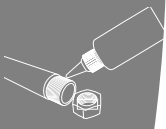

- Locks and seals bolts: M5-M16
- Permanent locker
- High strength anaerobic adhesive
- Ideal for bearings and bushings
- Broad temp reach : -55°C to +150°C

Benefits:

- Colour: green
- Excellent filling capacity
- Vibrations, shock, temperature and corrosion resistant
- One-component product
- Does not run off

Ref.	SIZE
30697	Bottle 50 ml

CRC EASY SEAL

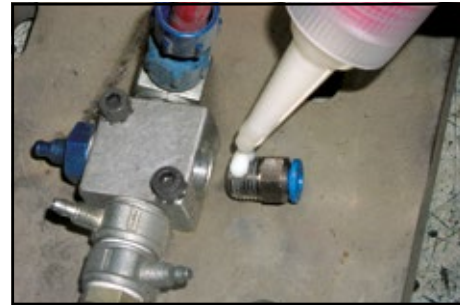

Liquid seal for threaded metal couplings.

Characteristics:

- Locks and seals connections in hydraulic and pneumatic installations: till 3"
- Slow curing time
- Low strength anaerobic adhesive
- Direct sealing

Benefits:

- Colour: white
- Allows adjustments and repositionings during 30 minutes
- Oil, gas, water, vibrations, shock, temperature and corrosion resistant
- One-component product

Ref.	SIZE
30698	Squeeze Bottle 50 ml

CRC RIGID SEAL

Liquid seal for machined metal flanges.

Characteristics:

- Seals gearbox covers, engine covers, machined metal flanges
- Permanent sealing
- High strength anaerobic adhesive

Benefits:

- Colour: orange
- Excellent filling capacity
- Oil, gas, water, vibrations, shock, temperature and corrosion resistant
- One-component product

Ref.	SIZE
30699	Squeeze Bottle 50 ml

CRC HAND SPRAYER

Simple refillable spraybottle.

Characteristics:

- The spray pressure is generated by a trigger movement
- The hand sprayer can be used for all CRC bulk products except the cleaners

Ref.	SIZE
32168	Handsprayer 500 ml

CRC PUMP SPRAYER

Refillable spraybottle.

Characteristics:

- The pressure for spraying is generated by a manual pump system
- The pressure available in the bottle allows a constant spray pattern for a longer time
- The pump sprayer can be used for most CRC bulk products

Ref.	SIZE
30463	Pumpsprayer 1L

CRC REFILL CAN

The refillable can combines the benefit of using bulk products with the features of an aerosol.

Characteristics:

- The can is brought to a pressure of 8 bars by filling it with compressed air through a standard compressor and filter/regulator unit.

Ref.	SIZE
30663	Refill Can
32239	Refill Can Gas Station
30667	Spare parts kit

CRC HANDCLEANER ACCESSORIES

Rack for easy suspension of the cleaner reservoir.

Characteristics:

- The cover of the reservoir can be exchanged by the handpump
- The handpump allows an easy dispensing without spillage and without contaminating the reservoir with dirty hands.

Ref.	SIZE
10871	Rack for 2,5L Handcleaners
10902	Dispenser for 2,5L Handcleaners

CRC SEAT COVER

Reusable nylon car seat cover.

Characteristics:

- Covers the entire front seat
- Made from a durable nylon fabric
- Washable
- Oil, grease, dirt and water repellent

Ref.	SIZE
91100039	Seatcover 1pc

CRC GREASE GUN

An easy loading grease gun for a standard 400g grease cartridge.

Characteristics:

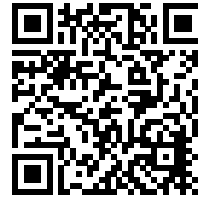

- Solid material
- Reusable

Ref.	SIZE
30669	Grease Gun
